

A renowned private company in the hotel industry in the Dominican Republic affiliated to the InteRDom program seeks students in the areas of hospitality and tourism and other related fields of study, to work in various operational areas of the hotel.

Under the supervision, training and support of the hotel manager, the intern will have the opportunity to learn how each of the following departments operates: general management, administrative area, reception, food and beverage (kitchen, bar or cocktail-making) and massage and relaxation center. Through an orientation program the intern will quickly become familiar with the hotel operations.

Candidates must show interest in learning the operations of a major hotel in the tourism sector, and in getting involved operationally in each of these areas. The internship offers the opportunity to work between 20 and 28 hours per week.

All applicants are required to have completed at least 3 college-level courses of Spanish or demonstrate equivalent skills, have basic computer skills and be able to work with the Microsoft Office package. Students fluent in other languages, in addition to English and Spanish, are preferred.

This internship will offer interns the opportunity to strengthen his/her knowledge and develop his/her professional skills. The intern will also gain experience in all complex areas of a hotel, which will enhance his/her resume.
