## Internships in the Dominican Republic

April, 2009

The 3rd annual Dominican Student Conference is only a week away, and the excitement is mounting for what promises to be an exhilarating weekend!

The workshops and panels taking place over the course of the weekend will be led by some very influential and noteworthy figures in the Dominican Republic and Diaspora, including Senator Juan Pichardo, InterDom's own coordinator Alicia Alonzo, former InterDom student Edward Gonzalez Acosta and various other professors, authors, entrepreneurs, scholars, CEOs and innovators.

The agenda is highlighted by addresses on both Friday and Saturday night by two keynote speakers: Senior Vice Chancellor Jay Hershenson and Rosendo Alvarez III, CIO of Innov-E Enterprise Innovation and Honorary Council of Estonia in the Dominican Republic.

**"If you haven't already registered for the conference, InterDom and the student organizers encourage you to do so here."**
